

Welcome Kit & Guidelines

As you prepare for your journey with Shibboleth, take comfort in knowing that we are committed to your success! The following pages have been put together based on the core components of our program and are designed to help you burn some body fat during your first week!

1. **It is very natural to be confused during the first couple of weeks.** Stay with us and remember that we are here to answer your questions! ***This is #1 because we cannot stress it enough! It is OK and perfectly normal to be confused.*** Travis likes to joke that this can be like “drinking water from a fire hydrant” You want to get it all in at one time, but you can only absorb small pieces at a time. **Let us teach you.** You may think you learned your ABC’s overnight, but you didn’t!
 2. You should eat off of a 6-8 inch plate or use “**the 2-Hand Portion Rule**”
 3. You will create meals by combining **Categories 1 + 2, 1 + 2 + MCT or 4 + 2**, for the first week. Refer to the **Acceptable Grocery List** and the **Cheat Sheet** following for more meal ideas and to help build a shopping list.
- 
- Women** – Three meals and up to one snack each day – Use 4-6 oz of protein for each meal.
Men – Three meals and up to one snack each day – Use 6-8 oz of protein for each meal.
4. You will need to drink **½ to 1 full gallon of plain water** a day.
 5. You will need to **eliminate dark colored diet sodas**; replace them with clear diet sodas such as Sprite Zero or Diet Mountain Dew.
 6. You can have condiments with your meals. Check your Acceptable Grocery Store List for suggestions. **Keep the total calories from all condiments within a meal to 50 calories or less.**
 7. Begin journaling your new Lifestyle... **if you bite it, you write it!** Don’t forget to write why you bit it. Journal online and submit your journal for review whenever you have any questions!
 8. It is natural to encounter Holiday/Blow-it Days as you learn the program. **Don’t beat yourself up!** These days are part of your program. Keep your focus on the end results you want to achieve! *“Begin with the end in mind!”*
 9. Remember, **you can do anything for 1 week.** Let’s see what happens! **AND, refer back to #1!**
 10. **Please schedule a phone consultation at www.shibbolethmentor.com so we can walk you through the website tools and our private Facebook community for members only.**

Approved Beginner Grocery List

This list contains grocery items organized within our program Categories. To learn more about how to combine these Categories for thousands of approved meals, refer to your **Categories & Combinations (Cheat Sheet)** on Page 7 and the Resources section of our website at www.myshibboleth.com.

MEATS / PROTEIN

Category 1: Lean Protein (LP) *20% Calories from fat or less*

- While Boar's Head lunchmeat is best, other brands are acceptable if they fit the deli-meat formula:

Cat. 1 meats must be 1.5 grams fat or less and 3 grams of sugar or less per serving**

- Chicken Breast
- Tuna in water
- Egg Beaters or Egg whites (varieties with yoke count as a Category 4)
- Fish – All fish!
- Low Fat Cottage Cheese
- Greek Plain Non-Fat Yogurt
- 96% lean or better ground chicken, turkey breast, beef, bison, etc.
- Pork tenderloin with all visible fat trimmed
- Ball Park Smoked turkey franks
- Oscar Mayer 98% Fat Free weiners
- Kroger Carbmaster Milk / Fat Free Fairlife Milk

Category 4: Protein + Fat (P+F) *50% calories from fat or less*

- Ground beef 93% - 95% fat free
- Lean Steak cuts – the less marbling the better
- Canadian Bacon
- All dark meat chicken (including chicken wings)
- Tuna in oil
- Whole Eggs
- Turkey Pepperoni
- Roast, brisket, ribs, pork chop
- Deli meat 50% calories from fat or less

Approved Beginner Grocery List

VEGETABLES

Category 2: Fibrous Carbohydrates (FC)

- All Salad greens and lettuce varieties
- Spinach
- Squash, all varieties
- Turnip greens, collards, mustard
- Green Beans
- Cucumbers
- Scallions (green onions)
- Bell Peppers - Red and Yellows are more nutritious. All are acceptable.
- Sugar Snap Peas (in the pod)
- Celery
- Asparagus - Natural diuretic, great source of potassium
- Broccoli - Super Fiber - Catabolic Veggie
- Cabbage
- Mushrooms

Snacks, Freebies, Condiments

Beginner Food Combinations:

In addition to learning the food categories, you need to learn how to combine these foods in order to **effectively and efficiently burn fat**. The chart below lists the available food combinations which you can use along with proper portions, in order to lose weight. Once again, this information is to supplement what you learn in class, not replace it.

FAST-EST Weight Loss!	FAST Weight Loss!	
1 (LP)	1+2+3 (LP+FC+EC)	1+6+2 (LP+SF+FC)
1+2 (LP+FC)	1+2+5 (LP+FC+AC)	7+2+3 (SHELLF+FC+EC)
1+2+MCT (LP+FC+MCT)	6 (SF)	7+2 (SHELLF+FC)
4+2 (P+F+FC)	6+2 (SF+FC)	1+4+2 (LP+PF+FC)

YOU CAN USE A 50-CALORIE CONDIMENT ON ANY APPROVED COMBINATION. YOU MUST USE THE HAND RULE TO DETERMINE PORTIONS OR EAT FROM A 6-8 INCH PLATE.
